

— ENCLOSED BODY LINEUP / 2026 EDITION

Outlast. Outwork. Outperform.

Weather-Tight Storage for Tools and Equipment.
Fully enclosed bodies built on a commercial
service-body platform — engineered for utility,
repair, and specialty fleets.

FALCONBODIES.COM

VOL. 03

— THREE CORE PILLARS —

Built on the principles that define the industry.

Every Falcon Enclosed Body is engineered around three uncompromising standards — protection, security, and configurable workspace.

01 / PROTECTION

All-Weather Sealed

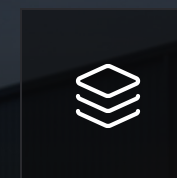

Fully enclosed construction protects tools, cargo, and equipment from weather, debris, and demanding jobsite conditions.

02 / SECURITY

Secure Storage

A master locking system secures every compartment, backed by double-panel steel doors and 3-point whale-tail latches.

03 / VERSATILITY

Configurable Workspace

Low, Mid, and High roof heights with adjustable Unistrut shelving and work doors adapt to any application.

— ENCLOSED BODY LINEUP

**Built to protect.
Built to organize.
Built for the field.**

— WHY FALCON

Enclosed Bodies built for security, organization, and all-weather **protection.**

Falcon Enclosed Bodies (FEB Series) are engineered for fleets that need secure, weather-protected storage combined with the durability of a commercial service body platform. Fully enclosed cargo areas, organized side compartments, and multiple roof height configurations accommodate equipment, shelving, and mobile workspace needs.

4

platform sizes · 56–120CA

3

roof heights · Low / Mid / High

73.1"

max interior clear height

FIELD-PROVEN

From compact 56CA workspace to the 120CA industrial platform — four enclosed sizes, one weather-tight build standard.

STANDARD EQUIPMENT

Standard features that secure every job.

Every Falcon Enclosed Body ships with the same weather-tight baseline — spray-in bedliner, 5-in-1 DOT LED tail lights with strobes, and the Falcon integrated step bumper with 2.5" receiver hitch all standard.

01 ROOF HEIGHT OPTIONS

Low, Mid, and High roof configurations set interior workspace clearance to match the application.

03 COMPRESSION-HANDLE REAR DOORS

Double swing rear doors with spring-loaded compression handles, hidden hinges, and tight water-resistant seals.

05 UNISTRUT ADJUSTABLE SHELVEING

Heavy-duty shelves rated 250 lb each on Unistrut rails, fully adjustable for tools, bins, and parts.

02 FULL LED INTERIOR & CARGO LIGHTING

Bright LED strip lighting throughout the cargo bay and every compartment for night and low-light work.

04 ADJUSTABLE HORIZONTAL WORK DOORS

Chain-supported horizontal doors double as mini-workbenches and lower for easy tool access.

06 MASTER LOCKING SYSTEM

A single master bar locks all compartments while allowing each to be locked individually.

07 PIPE / CONDUIT CHUTES

Built-in, lockable overhead storage for conduit, trim, and long stock that maximizes enclosed cargo space.

— CONFIGURATIONS

Built around your chassis and your roofline.

Two chassis options. Three roof heights. Four platform sizes.
Configure the enclosed body that matches the fleet.

— CHASSIS

SRW

Single rear wheel — 78" body width with 14" side compartments on 56CA and 60CA platforms.

— CHASSIS

DRW

Dual rear wheel — 94" body width with 20" compartments, available across all four sizes.

— ROOF HEIGHT

Low / Mid

62"–78" body heights for height-restricted areas and standard tool storage.

— ROOF HEIGHT

High

Up to 91" body height with 73.1" interior clear height for walk-in workspace.

— FACTORY ACCESSORIES

Equipped for secure, organized work.

Factory add-ons for Falcon Enclosed Bodies.
Availability and fitment vary by model and
chassis — confirm with your Falcon specialist.

STORAGE

Storage Options

Ask about compartment organization and add-on storage to keep tools, hardware, and gear secure and organized.

ELECTRICAL

Lighting & Strobe Kits

Commercial LED stop/turn/tail, marker lighting, and strobe packages keep crews visible on roadside and jobsite work.

PROTECTION

Interior Lining & Finish

Interior body lining and premium Tiger® White powder-coat protect the body through abrasive daily material loads.

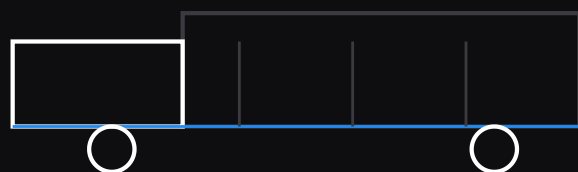

MODEL OVERVIEW

Choose the right enclosed body for the job.

FOUR PLATFORMS · 56CA THROUGH 120CA

STEEL FEB56 SERIES

01

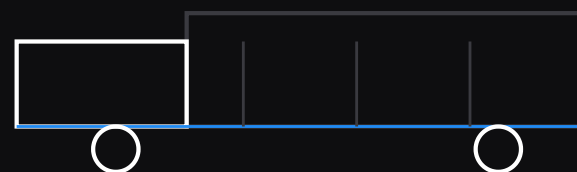

56CA Enclosed Body

SRW & DRW · Low / Mid / High

- 98" body / 78"–94" width
- 62" / 68" / 78" roof heights
- 14ga A-40 galvalneal steel

STEEL FEB60 SERIES

02

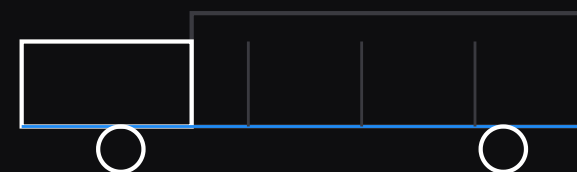

60CA Enclosed Body

SRW & DRW · Low / Mid / High

- 110" body / 78"–94" width
- 62"–90" roof heights
- Extended cargo capacity

STEEL FEB84 SERIES

03

84CA Enclosed Body

DRW · Low / Mid / High

- 134" body / 94" width
- 68" / 78" / 90" roof heights
- 20" deep compartments

STEEL FEB120 SERIES

04

120CA Enclosed Body

DRW · High roof

- 168" body / 94" width
- 91" body / 73.1" interior
- 4,000 lb body weight

TECHNICAL SPECIFICATIONS

Spec sheet at a glance.

Standard production specifications across the Falcon Enclosed Body lineup. Custom configurations available on request.

Steel	14ga A-40 Galvanneal
Body Width	78" SRW · 94" DRW
Shelving	250 lb Rated Shelves
Interior Clear Height	Up to 73.1"

Specifications subject to change. CA = Cab-to-Axle. Built from 14-gauge A-40 galvanneal steel; component-level construction is confirmed with each build.
