

— SAW BODY LINEUP / 2026 EDITION

Outlast. Outwork. Outperform.

Purpose-Built for Tree Crews. Saw bodies engineered for arborists, vegetation management contractors, and utility fleets — saws and gear organized, secure, and ready to work.

FALCONBODIES.COM

VOL. 06

— THREE CORE PILLARS —

Built on the principles that define the industry.

Every Falcon Saw Body is engineered around three uncompromising standards — strength, organization, and fleet readiness.

01 / DURABILITY

Engineered Strength

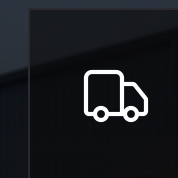

Heavy-duty steel construction with a reinforced structural frame, built for demanding tree care and vegetation management work.

02 / ORGANIZATION

Dedicated Saw Bays

Vertical saw bays with large clear door openings keep chainsaws, bars, and rigging separated and secure in transit.

03 / FLEET

Fleet-Ready

Two body lengths — the 15' on a 120" CA platform and the extended 17' — sized for the crew, the route, and the equipment list.

— SAW BODY LINEUP

**Built to carry.
Built to secure.
Built to cut.**

— WHY FALCON

Saw Bodies built for saw storage, secure access, and **reliability**.

Falcon Saw Bodies are purpose-built for arborists, vegetation management contractors, and utility fleets. Vertical saw bays, adjustable shelving, and protected tool organization keep chainsaws and gear upright, organized, and locked — with room to keep the whole crew's equipment on one truck.

120"

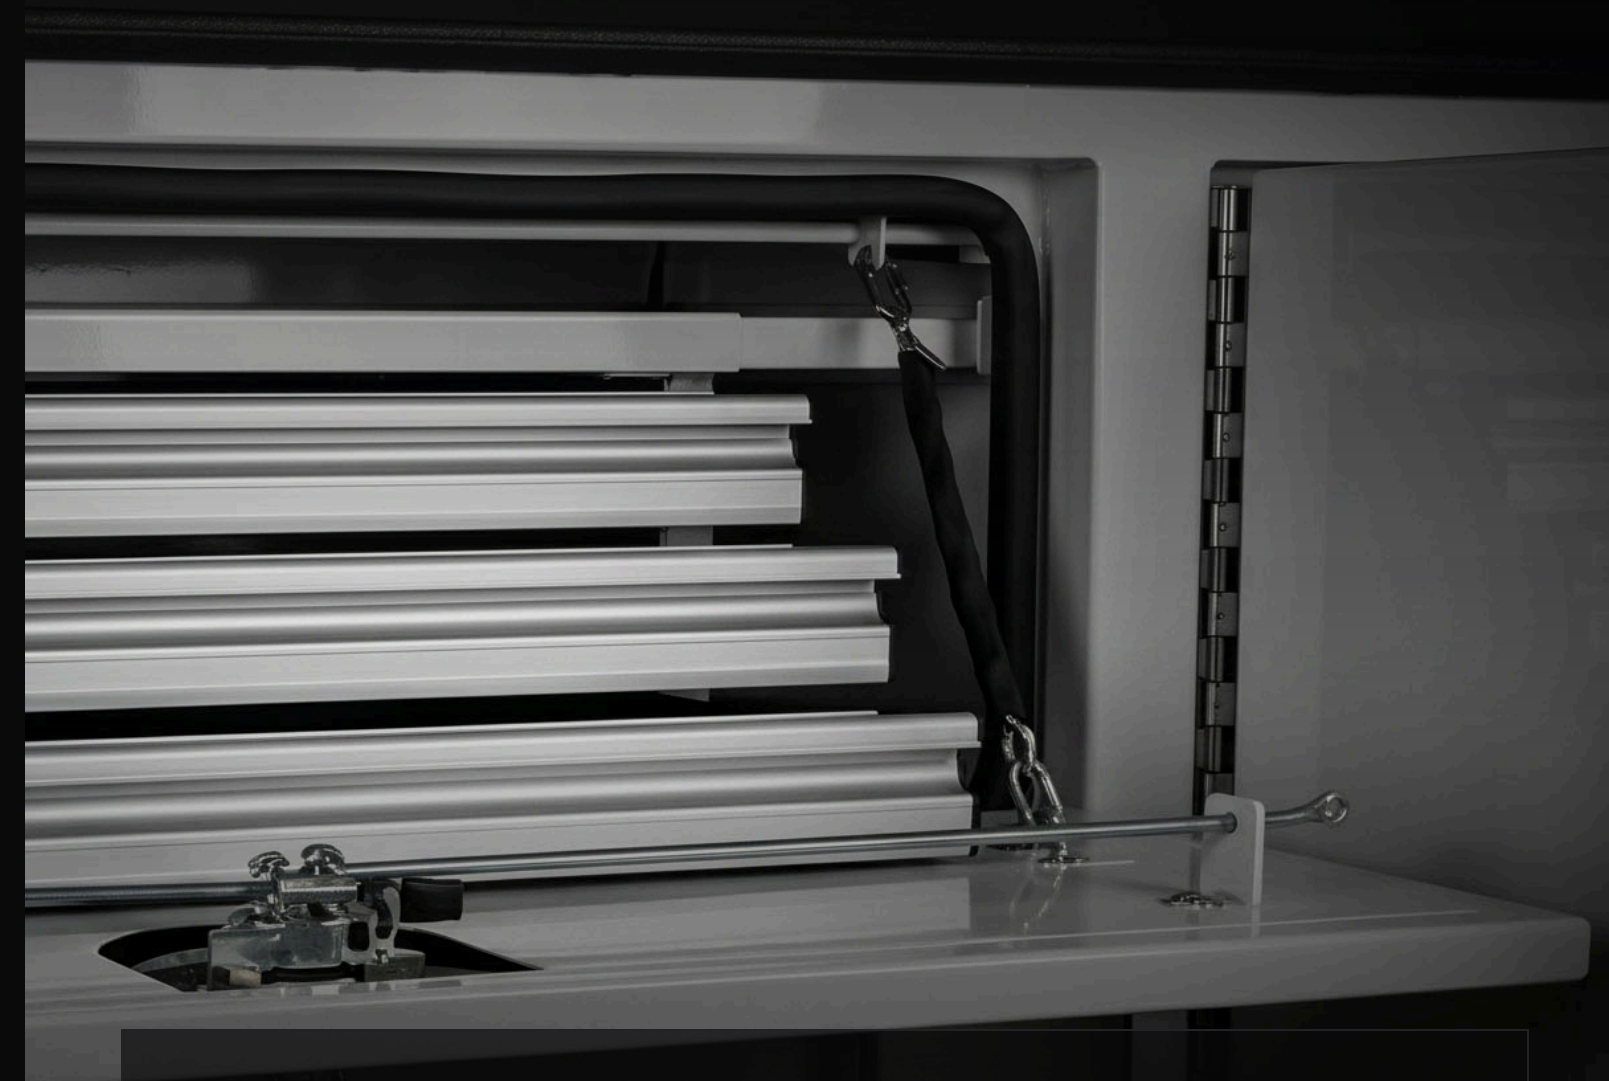

SAW 15 cab-to-axle

≈180"

Saw 15 overall length

2

body lengths — 15' & 17'

FIELD-PROVEN

Purpose-built for tree care and vegetation management crews — one truck, the whole crew's equipment.

STANDARD EQUIPMENT

Standard features that set a higher standard.

Every Falcon Saw Body ships with the same uncompromising baseline — dedicated saw bays sized for the equipment, built on Falcon's steel-body construction standard.

01 DEDICATED SAW BAYS

Vertical saw bays with large primary openings (approx. 54-1/4" x 55") on both sides.

03 A/B/C/D LAYOUT

Segmented compartments with adjustable shelving and dividers separate saws, bars, and support gear.

05 TIGER® WHITE POWDER-COAT

Multi-stage powder-coat for maximum gloss and corrosion resistance.

02 SECURE EXTERNAL STORAGE

Flush-mounted compartment doors with reinforced frames protect high-value saw equipment.

04 RECESSED DOUBLE-PANEL DOORS

Compression whale-tail latching with reinforced door skins.

06 FULL UNDERCOATING SYSTEM

Heavy-duty liner across wheel wells, frame rails, and underbody.

07 5-IN-1 LED DOT TAIL LIGHTS

Stop / turn / tail / reverse / strobe in a single compact fixture.

— SAW BODIES OPTIONS

Configure your Saw Body.

Choose a Saw Body model, chassis configuration, and optional upgrades to match your crew's requirements.

BODY LENGTH

15' or 17' Body Length

Saw 15 (120" CA, approx. 180-5/16" overall) for standard operations, or the extended Saw 17 for more storage volume and equipment capacity.

CHASSIS

Chassis-Specific Mounting

Mounting configured to your chassis — fitment confirmed with your Falcon specialist.

STORAGE

Equipment Storage Integration

Tool storage, equipment racks, holder systems, and configurable organization solutions.

UPGRADES

Performance Upgrades

Reinforced load zones, heavy-duty tie-down points, severe-duty finish upgrades, and auxiliary lighting.

— FACTORY ACCESSORIES

Equipped for the cutting crew.

Factory add-ons for Falcon bodies. Availability and fitment vary by model and chassis — confirm with your Falcon specialist.

STORAGE

Storage Options

Ask about compartment organization and add-on storage to keep tools, hardware, and gear secure and organized.

ELECTRICAL

Lighting & Strobe Kits

Commercial LED stop/turn/tail, marker lighting, and strobe packages keep crews visible on roadside and job sites.

PROTECTION

Interior Lining & Finish

Interior body lining and premium Tiger® White powder-coat protect the body through heavy daily use.

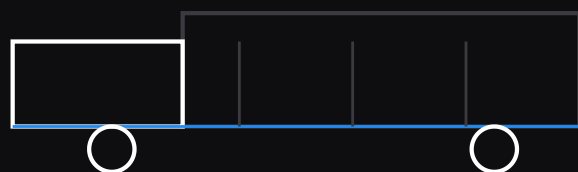

MODEL OVERVIEW

Choose the right saw body for the job.

TWO PLATFORMS · 15' AND 17'

STEEL SAW SERIES

01

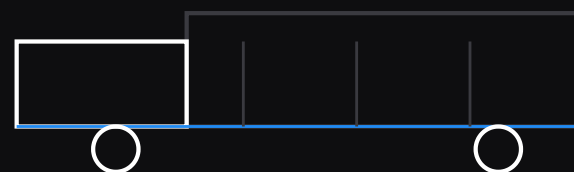

15' Saw Body

120" CA · SAWB15G

- ⦿ Approx. 180-5/16" overall length
- ⦿ Vertical saw bays both sides
- ⦿ A / B / C / D compartment layout

STEEL SAW SERIES

02

17' Saw Body

Extended body · SAWB17G

- ⦿ Extended body length
- ⦿ Increased storage volume
- ⦿ Additional equipment capacity
